KIT CONTENTS:
1 ea. Glass Enclosure Panel
1 ea. Instructions Sheet

TOOLS REQUIRED:
None

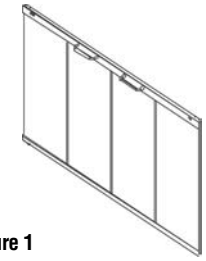

Figure 1

INSTALLATION INSTRUCTIONS:

Ensure fireplace is cool to touch before starting installation.

Step 1. Remove the plastic protective coating from the trim surfaces of the glass enclosure panel.
Step 2. Locate the slots on the bottom side edges of the fireplace firebox opening and locate the tabs on the glass panel enclosure (see Figure 2). Insert the 2 tabs on the glass panel enclosure into the 2 corresponding slots on fireplace.

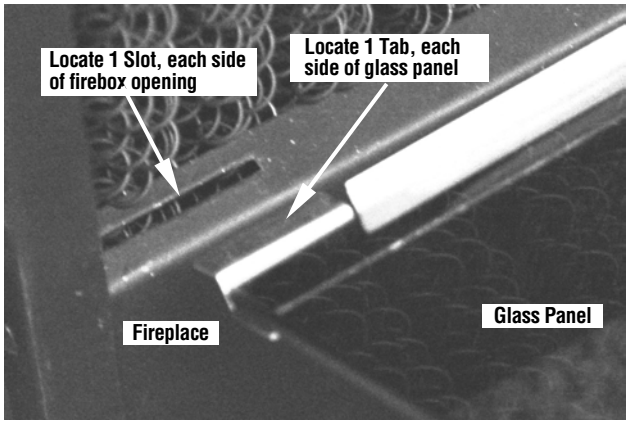

Figure 2

Step 3. Press the 2 latch buttons inward to retract locating pins (see Figure 3). Rotate the top of the glass enclosure panel back until it is flush with fireplace face. Release latch buttons, so pin retract and engage into corresponding holes on fireplace.

Figure 4 **Completed Glass Panel Enclosure Installation**

Cleaning - Never clean glass when hot. Do NOT use ammonia or ammonia based cleaners on glass or frame as it will damage the finish. Remove dirt and grime from glass using a clean dampened towel followed by wiping with a dry towel. To remove stubborn stains, use a mild soap solution and towel to gently scrub away stain. Take care not to scratch the glass surface. Do NOT use abrasive cleaners.

NOTE: DIAGRAMS & ILLUSTRATIONS NOT TO SCALE.
